

March 13, 2018

To our valued customers,

Due to various cost increases, GPK Products, Inc. will implement a 7% price increase on all rigid PVC sewer fittings effective April 9, 2018. This price increase does not currently affect list prices for GPK Drain Products or Indiana Seal coupling prices.

New list prices will be available shortly at www.gpk-fargo.com. New price books will be distributed when available.

Please contact your Regional Sales Manager with any questions.

Thank you for your continued support.

Sincerely,

Brad Keller
President/CEO
GPK Products, Inc.
