

PRICING INCREASE ANNOUNCEMENT

To: All GPK Products Customers

Date: September 5, 2017

Subject: PVC Fitting Pricing

Hurricane Harvey is having a significant impact on the PVC supply chain. We have begun to see increases in resin and pipe prices. As a result of these increases, we find it necessary to increase our GPK Products sewer fittings list prices by 15%. The effective date will be October 30, 2017.

New list prices will be available shortly at www.gpk-fargo.com, and price books will be mailed after they are printed.

Please contact your local manufacturer's representative or your local GPK Products Regional Sales Manager if you have any questions.

Our thoughts and prayers are with the people impacted by this catastrophic event.

Sincerely,

Brad Keller
President/CEO
GPK Products, Inc.
